Part B for November 1933

SUBJECT

Electoral divisions and distribution of elective seats on the Bangalore Cy. Municipality

---

To The Municipal Comm. B Cy.
Comptroller & Secy
by Comm. Bloss Instr.
Secy Mysore Chamber of Commerce

No L 2620-23 of 27 x 33

Same orders as in the above

9-33

Serial No 6

From the municipal Commissioner Bangalore
no G 20 102 dated 4 9 33

forwards the resolution of the Bangalore city municipal council dtd regard to the distribution of the eight four elected seats according to the new city municipalities Regulation and the territorial redistribution of divisions consequ on the increase in the number of councillors in lieu of the divisions

I under Sec 10 (c) & (d) of the Mysore city municipalities regulation, 193 Govt have (1) to fix the number of Counc to be elected in the municipality and by the several constituencies and (2) to issue orders for regulating the description, number & extent of constituencies for election of councillors

2 The strength of the Bangalore Mc be is 30 According to Sec 9 (of the Regulation, there will be 24 ele as against 20 under the previous Regulation Six nominated) councillors against ten unde old Regulation There are nine divisions in the city and the Muni Council have approved the grant of an additional seat to each of the divisions Nos II, IV,

flag C

Vol II & IX The Chamber of Commerce is treated as a separate constituency and permitted to return one member to the municipal Council This is provided for in rule 2 (2) of the city Mr. Election Rules also

3 It is seen from the Commissioner's report that it was not definitely known when the city was divided into wards this has to be regularised now under the city Mr. election Rules 1 Rule 2 (1) of the city election Rules contemplates the division of the city municipality for electoral purposes into wards with the previous approval of Govt The municipal Council does not propose any increase either in the no of wards or divisions or in the total strength of the Council

4 The resolution of the municipal Council in regard to the redistribution of the several divisions as required by sec 10 (d) & rule 2 (1) of the city election Rules and the allocation of the seats among the several divisions, is forwarded under sec 10 (c) of the Regulation as per orders.

28/9/33

5 The proposals of the Municipal Council for the redistribution of the Division & the allocation of the 23 election seats among them may be approved The changes made are

FROM

P H KRISHNA RAU ESQ MA
MUNICIPAL COMMISSIONER
BANGALORE CITY

To

R Ranga Rao, Esq B A ,B L ,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

Sir,

In continuation of this Office letter No G To 36. dated 1st August 1933, I have the honor to state that the question of distributing the extra four elected seats as per the New Municipal Regulation and the territorial redistribution of Divisions consequent on the increase in the number of Councillors in some of the Divisions, was placed before the Municipal Council with my note dated 2nd August 1933 giving full details as to the population and the number of voters in each Division and recommending the redistribution of the seats and Divisions This was approved by the Municipal Council at their meeting held on 23rd August 1933

A copy of the resolution of the Council together with my note dated 2nd August 1933 and a copy of the sketch showing the redistribution of Divisions with boundaries and a copy of the statement showing the existing number and the new number of seat to certain Divisions as per Council resolution are herein enclosed for favour of sanction

As regards para 3 of your letter, I invite your kind reference to page 230 Table XVII Volume XXV Part II Tables of Census Report of 1931 The number and date of the Government Order by which the City was divided into wards is not available But from the Administration Report for the year 1895-96, it is seen that the City was divided into 7 Divisions at that time. Subsequently VIII and IX Divisions have been added after the Basavangudi and Malleswaram Extensions were formed and handed

over to the Municipality

As regards the seats allotted to different Divisions I find that prior to the year 1921-22 there were only 28 Councillors, 19 being elected and 9 nominated According to Government Order No 3642-44/VI 70-21 dated 21st August 1922 appointing Mr Ananda Rao Sirsi as full time Official President the number of the nominated Councillors was increased from 9 to 10 and the elected Councillors from 19 to 20

I have the honor to be

Sir

Your most obedient servant

Municipal Commissioner

Forwarded with compliments

Honorary President

City unicipal Office,
Bangalore 2nd August 1933

The C airman, anaging Committee, with compliments

Memo

At present t ere is some difference in the territorial distribution of Revenue Divisions and t e Engineering and ealth Divisions In the accompanying map, t e Revenue Divisions are enclosed by lines in coloured pencils and the Engineering and ealth Divisions are shown in different colours It will be seen that except in the case of the 5th Division, the distribution in the case of other divisions does not tally

Taking the 1st Division the Revenue Division comprises part of the 2nd, 4th and 6th Divisions of Engineering and ealth Departments and excludes parts of the 1st Division of the same departments I suggest that the Revenue Division be the same as at present in the Engineering and the ealth Departments

The 2nd Division may be reconstituted so as to include the area between the Palace Road on the East and Seshadri Road on the orth together with the present Revenue Division

The 3rd Division will remain unchanged and continue to be as the present evenue Division

The 4th Division will be the same as at present in the Engineeri Department

To the 5th Division, will be added on the portion of the 6th Div sion to the North of the Lain Drain and bounded on the North by osko oad

The boundaries of the 6th Division will continue to be the same as at present on the East and South but the Northern boundary will be the ain Drian and the Western boundary will be the Sri Krishnarajen Road It will thus include the Fort area of the present 7th Divisi

Gavipur Extension is at present in the 8th Division and Shankarpuram is in the 7th Division Now that an additional Counci has been given to this 8th Division, I suggest that the small Gavipu may be taken away from it and the larger Shankarpuram alled to it

The future 7th Division will therefore lose Shankarpuram and the Fort area but will include Gavipuram Extension instead

The 9th Division will remain the same as at present in the Engineering and Health Departments

The reconstitution of the Divisions as proposed above will be the same for all the Departments of the Municipality

To

Amin-ul-Mulk Sir Mirza M. Ismail Kt , C.I E.,O.B E ,

Dewan of Mysore

B a n g a l o r e

Sir,

We, the undersigned residents of Shankerpur Extension Bangalore City, beg leave to lay before you the following submission -

1 A few years ago, a deputation of some representative Citizens of Shankerpur waited upon you and urged for consideration the necessity for separate representation for this area in the Municipal Council of the City on the ground that it formed a compact block by itself and that its requirements demanded the whole-hearted attention of at least one resident Councillor. As a result of our prayer, the Government were pleased to nominate one of the residents as a Municipal Councillor. At the next Municipal elections, however, this generous policy was not kept in view by the then Government, with the result that Shankerpur has since been without any representation on the Municipal Council.

2 We are given to understand that the strength of the Bangalore City Municipal Council has recently been increased We beg, therefore, that Shankerpur, on account of its compactness, its density of population and the prevailing insanitary conditions and other reasons, may now be granted separate elective representation in the Municipal Council.

3 -It may be stated here that our roads are in ~~bad~~ disrepair, that the conservancy lanes are in ~~a bad condition~~

The municipality has endeavour to attend to promptly complaints of this grievance
MD 11-33
14

~~Neglected~~ condition, that the primary school has no building of its own though its strength is rising and requires large accommodation, that it has neither a telegraph Office nor telephone connection and that the supply of water is very inadequate and not free from contamination. These and other items of daily interest to the residents require the constant vigilence and attention of at least one resident member whom the inhabitants can look to for relief At present, except at the time of the elections, the Councillors are not to be seen any where in our Extension The result is that there is no sort of check over the subordinate Municipal Staff who do things in their own way and that there is no demand in the Council for attention to the pressing needs of our locality Things would, surely, be different, at any rate, would change for the better, if we have a resident Councillor returned by us to express our grievances in the Council

4 In praying thus for separate representation, the residents are not asking for anything new As we have already submitted, this is a very old demand from our locality It will be neither fair not helpful to us if Shankerpur is made an appendage to either Chamarajpet or Basavangudi. What we are asking for is only that the additional seats newly sanctioned for the Municipal Council may be equitably distributed among the hitherto neglected extensions like Shankerpur which, in itself, is big enough and important enough to be treated as a separate unit. If kindly permitted, a few of us will wait upon Government to explain the situation in person

Thanking you, Sir, in anticipation,

We beg to remain,
Esteemed Sir,
Your most obedient serva

Shankerpur,
Dated 4th Novr.33
